Title :

Remove & Add approval into E-MRB

Steps :

REMOVE

1. Open Microsoft SQL Sever Management Studio
2. Login fujiweb\fujiweb server Database
3. Open database –MRB
4. Open table – dbo.A_mst_Approval
5. Write the query below:

```sql
select * from A_mst_Approval where app_name LIKE '%SAKAI%'
Update A_mst_Approval set App_Auth_To ='2023-02-07' where App_Eno ='203109'
```

	App_Code	App_Eno	App_Name	App_Level	App_Email	App_Auth_From	App_Auth_To	App_Mail_Flag	App_Substitude_Flag
1	S010	203109	SAKAI YASUHIKO	WAFER QA	sakai-yasuhiko@fujielectric.com	2018-11-01	2023-02-07	Y	N

ADD

1. Search to confirm new approval did not added into the DB :

```sql
select * from A_mst_Approval where app_Eno IN ('203808','203827')
```

2. If no date then need to insert into the DB table A_mst_Approval for the new approval

```sql
Insert into A_mst_Approval values ('S023','203827','TAKISHITA HIROSHI','WAFER ENG','takishita-hiroshi@fujielectric.com','2020-07-01','9999-12-31','Y','N')
```
